RE: ER-2010-0044; YE-2010-0065

Dear Mr. Reed:

The following tariff sheet was filed July 31, 2009 to become effective on or after September 24, 2009.

Filed July 31, 2009
1st Revised Sheet No. 98.7

Since that filing, the Company has participated in discussions with the Missouri Public Service Commission Staff and has agreed to make a minor correction to the sheet originally included in the Company's July 31, 2009 filing.

AmerenUE hereby proposes to substitute its previously filed First Revised Sheet No. 98.7 of its Schedule 5 - Schedule of Rates For Electric Service with the attached First Revised Sheet No. 98.7. This substitution is being requested to reflect agreement between the Missouri Public Service Commission Staff and AmerenUE to a minor modification to the calculation performed to develop the Company's first Fuel and Purchased Power Adjustment Clause ("Rider FAC") filing made on July 31, 2009. More specifically, the end of month interest rate value was corrected to a monthly average interest value consistent with the spirit of Rider FAC tariff language. This change produced only a minor difference in Base Energy Costs from the Company's original filing and did not affect the resulting FPA rates.

The Company has made this correction and requests that the enclosed 1st Revised Sheet No. 98.7 be substituted for the similar sheet filed on July 31, 2009.

Sincerely,

A handwritten signature in blue ink that reads "Steven Sullivan" followed by the initials "TMB".
