Missouri Public
Service Commission

Dear Sir/ Madam;

Pursuant to the eligibility requirements for the Low Income Home Energy Assistance Program and the contract signed between United Services Community Action Agency and the State of Missouri Department of Social Services Family Support Division, the Household of Shepherd/McFarlin is **INELIGIBLE** for assistance at this time.

LIHEAP eligibility is based on four main areas:

- Citizenship and Alien Status: All household members must be a citizen of the United States or be an alien admitted to this country for permanent residence.
- Resources: Each household's resources may not exceed \$3,000
- Responsibility for Heating/Cooling Costs: Each household must establish that they have an account in their name or meet the definition of a renter/landlord applicant and are incurring heating/cooling costs. Applicants for the ECIP component must additionally have received a notice of termination or services have already been terminated.
- Income Based on Household Size: Each household must meet specified income guidelines (135% of the federal poverty level) based on their household size.

If you have any questions regarding the LIHEAP Program please feel free to contact me at (816) 743-8315 or at dhardison@unitedservicescaa.org.

Sincerely,

Dustin Hardison
Program Manager
