Ken Hooge
Communications Consultant
12851 Manchester Road, 3-W-409
St. Louis, MO 63131

Dear Mr. Hooge:

The St. Louis Community College District has recently announced that a new campus will be constructed in Wildwood, MO. This campus will be located on 29 acres at the address of 17140 Old Manchester Road. The College would like to secure a new bank of 1,000 DID telephone numbers for this campus as soon as possible. A request has been made to SBC for a bank of DID numbers that would fall into our current area-wide dialing plan of 2000 through 2999. Unfortunately, we understand that the only available DID numbers in this area do not fall into the free St. Louis Metropolitan Calling Area (MCA). Therefore, the college formally requests that SBC open a new telephone exchange in the Pond/Wildwood area that will accommodate our current dialing plan with the phone numbers we plan to use for this new facility (2000 through 2999) and falls within the free St. Louis MCA.

If further discussions on this matter are needed beyond this written request, please do not hesitate to contact me at 314-539-5073.

The St. Louis Community College thanks SBC for their continued support of the College District as we grow and expand to provide for the future educational needs of the St. Louis metropolitan area.

Sincerely,

Michael Petz
