Approval and a Certificate of Public Convenience and)
Necessity.) File No. EA-2020-0371

**AMEREN MISSOURI'S REQUEST FOR SECOND EXTENSION TO
FINALIZE SETTLEMENT**

COMES NOW Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri" or "the Company"), and submits this *Second Request for Extension to Finalize Settlement* ("Request") to the Missouri Public Service Commission ("Commission") asking for a one-week extension of time to respond to the *Order Setting Time for Responses and Requests for Hearing* ("Order") to finalize a settlement agreement resolving all issues in this case between the Company and Commission Staff. In support of its *Request*, Ameren Missouri states as follows:

1. On October 28, 2020, Ameren Missouri filed an application for a Certificate of Convenience and Necessity ("CCN") to construct, install, own, operate, maintain, and otherwise control and manage a solar generating asset and associated facilities ("*Application*"), to become the second Resource under the Company's expanded Community Solar Pilot Program.
2. On February 5, 2021, Staff filed its Report recommending approval of the *Application*, subject to nine conditions.
3. Ameren Missouri sought clarification of multiple recommended conditions from Staff before responding, and after extensive negotiations, has reached an agreement in principle with Commission Staff regarding the conditions that should be placed on the CCN. The Company and Staff are working to reduce that agreement in principle to writing and plan to circulate it to the other parties (the Office of the Public Counsel and Renew Missouri Advocates d/b/a Renew

Missouri). The Company therefore asks the Commission to grant a one-week extension of the response deadline. No party should be prejudiced by the delay.

WHEREFORE, for the foregoing reasons, the undersigned respectfully requests that the Commission grant a one-week extension of the deadline for responses to Staff's Report.

Respectfully submitted,

/s/ Jermaine Grubbs
