

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of the Application of Spire Missouri )  
Inc. to Establish an Infrastructure System ) Case No. GO-2018-0310  
Replacement Surcharge in its Spire Missouri West )  
Service Territory )

**VERIFIED APPLICATION AND PETITION OF SPIRE MISSOURI INC. TO  
ESTABLISH AN INFRASTRUCTURE SYSTEM REPLACEMENT SURCHARGE  
FOR IT'S SPIRE MISSOURI WEST SERVICE TERRITORY**

COMES NOW Spire Missouri Inc., pursuant to Sections 393.1009, 393.1012 and 393.1015 of the Revised Statutes of Missouri (2004 Supp.) and 4 CSR 240-2.060, 2.080 and 3.265 of the Rules of Practice and Procedure of the Missouri Public Service Commission ("Commission") and, for its Verified Application and Petition to Establish an Infrastructure System Replacement Surcharge for its Spire Missouri West ("Spire West" or "the Company") Service Territory respectfully states as follows:

**BACKGROUND**

1. On August 28, 2003, Sections 393.1009, 393.1012 and 393.1015 of the Revised Statutes of Missouri became effective. These statutory provisions authorize eligible gas corporations to recover certain infrastructure replacement costs through the implementation of an infrastructure system replacement surcharge ("ISRS"). Prior to implementing an ISRS, the gas corporation must file a petition with the Commission for review and approval before its rates and charges can be adjusted to provide for the recovery of the ISRS costs. To that end, the Company submits this Verified Application and Petition.

OPC  
Comm Exhibit No. 2  
Date 9-27-18 Reporter LMB  
File No. GO-2018-0332+0333  
GO-2018-0309+0309  
GO-2018-0309x 0310

## THE APPLICANT

2. Spire West is a public utility and gas corporation incorporated under the laws of the State of Missouri, with its principal office located at 700 Market Street, St. Louis, Missouri 63101. A Certificate of Good Standing evidencing Spire West's standing to do business in Missouri was submitted in Case No. GM-2013-0254 and is incorporated by reference herein for all purposes. The information in such Certificate is current and correct.

3. Spire West is engaged in the business of distributing and transporting natural gas to customers in Missouri as a gas corporation subject to the jurisdiction of the Commission. Spire West provides gas service in western Missouri to customers in the western Missouri counties of Andrew, Barry, Barton, Bates, Buchanan, Carroll, Cass, Cedar, Christian, Clay, Clinton, Cooper, Dade, Dekalb, Greene, Henry, Howard, Jackson, Jasper, Johnson, Lafayette, Lawrence, McDonald, Moniteau, Newton, Pettis, Platte, Ray, Saline, Stone, and Vernon.

4. Communications in regard to this Application should be addressed to:

David P. Abernathy

5. Other than cases that have been docketed at the Commission, Spire West has no pending actions or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates.

6. Spire West is current on its annual report and assessment fee obligations to the Commission, and no such report or assessment fee is overdue.

#### **THE ISRS REQUEST**

7. With this application, Spire West requests an adjustment to its rates and charges through the implementation of an ISRS rate schedule that provides for the recovery of costs incurred in connection with ISRS-eligible infrastructure system replacements made during the period beginning October 1, 2017 through April 30, 2018. Consistent with recent filings approved in Spire West ISRS cases, this application also includes pro forma ISRS costs updated through June 30, 2018. In accordance with the provisions of Sections 393.1009-1015 and 4 CSR 240-3.265, the proposed ISRS rate schedule should reflect the appropriate pre-tax ISRS revenues necessary to produce net operating income equal to Spire West's weighted cost of capital multiplied by the net original cost of the requested infrastructure replacements during this period that are eligible for the ISRS, including recognition of accumulated deferred income taxes and

accumulated depreciation associated with the aforesaid infrastructure system replacements. Spire West also seeks to recover all federal, state and local income or excise taxes applicable to such ISRS income and to recover all other ISRS costs such as depreciation expense and property taxes due within 12 months of this filing.

**A. Eligibility of Costs**

8. The infrastructure system replacements for which Spire West seeks ISRS recognition are set forth on Appendix A, which is attached hereto and made a part hereof for all purposes. The infrastructure system replacements listed on Appendix A are eligible gas utility plant projects in that they are all either: a) mains, valves, service lines, regulator stations, vaults, and other pipeline system components installed to comply with state or federal safety requirements as replacements for existing facilities that have worn out or are in deteriorated condition; or b) main relining projects, service line insertion projects, joint encapsulation projects, and other similar projects extending the useful life, or enhancing the integrity of pipeline system components undertaken to comply with state or federal safety requirements; or c) unreimbursed infrastructure facility relocations due to the construction or improvement of a highway, road, street, public way or other public work required by or on behalf of the United States, the State of Missouri, a political subdivision of the State of Missouri, or another entity having the power of eminent domain.

11. In addition to meeting the foregoing criteria, the infrastructure system replacements listed on Appendix A are also eligible for ISRS treatment because they: a) did not increase revenues by directly connecting to new customers; b) are currently in service and used and useful; c) were not included in Spire West's rate base in its most

recently completed general rate case, and d) replaced and/or extended the useful life of existing infrastructure.

12. Finally, the infrastructure system replacements listed on Appendix A are eligible for ISRS treatment because Spire West's last general rate case proceeding, Case No. GR-2017-0216 (the "Rate Case") was decided by Commission Order issued on March 7, 2018 and effective on April 19, 2018.

**B. Rate Schedules, Calculations and Supporting Documentation**

13. Attached hereto as Appendix B is the rate schedule, with supporting documents, proposed by Spire West in order to establish the ISRS and to provide for the adjustment of its rates and charges to reflect recovery of eligible infrastructure costs. This proposed rate schedule, on an annualized basis, will produce ISRS revenues of at least one million dollars, but not in excess of ten percent of Spire West's base revenue level as approved by the Commission in its most recently completed general rate proceeding.

14. In determining the appropriate pre-tax ISRS revenues, the proposed rate schedule utilizes current local, state, and federal income tax rates through a combined income tax rate conversion factor of 1.34135.

15. In determining the appropriate pre-tax ISRS revenues, the proposed rate schedule utilizes the capital structure that was approved in the Rate Case and reflects an overall rate of return of 7.20%.

16. In determining the appropriate pre-tax ISRS revenues, the proposed rate schedule utilizes a weighted average cost of debt of 1.890% consistent with the cost of debt approved in the Rate Case.

17. In determining the appropriate pre-tax ISRS revenues, the proposed rate schedule utilizes a cost of common equity of 9.80% consistent with the cost of equity approved in the Rate Case.

18. In determining the appropriate pre-tax ISRS revenues, the proposed rate schedule utilizes a current composite property tax rate of 2.67%.

19. In determining the appropriate pre-tax ISRS revenues, the proposed rate schedule utilizes depreciation rates currently applicable to the eligible infrastructure system replacements, as approved by the Commission for Spire West in the Rate Case.

20. In determining the appropriate monthly ISRS charge, the proposed rate schedule is based on a reasonable estimate of billing units in the period in which the charge will be in effect, which is derived by dividing the appropriate pre-tax revenues, as calculated above, by the customer class billing determinants approved in the Rate Case, and then further dividing this quotient by twelve. (*See Appendix B, page 10*). Consistent with the methodology used in previous ISRS filings, the monthly ISRS charge is apportioned between customer classes in proportion to the customer charges applicable to those classes.

21. In determining the appropriate pre-tax ISRS revenues, the proposed rate schedule, consistent with Section 393.1015.6.(2), reflects a reconciliation of revenues from the prior ISRS that was rebased in the Rate Case. A schedule showing the calculation of this offset is set forth at page 11 of Appendix B.

#### **ADDITIONAL INFORMATION**

22. In connection with 4 CSR 240-3.265(22), attached hereto and incorporated herein as Appendix C is a description of the Company's call center instructions pertaining to the ISRS, along with a description of ISRS information posted on the Company's website.

23. Pursuant to 4 CSR 240-3.265(9), Spire West will separately file proposed examples of the initial and annual notices to be sent to customers, along with an example of a customer bill reflecting the ISRS, all as required by 4 CSR 240-3.265(8).

**WHEREFORE**, pursuant to Section 393.1015.2(3) and Commission Rule 4 CSR 240-3.265(12), Spire Missouri West respectfully requests that the Commission issue an Order, approving the ISRS rate schedules in order to provide for the recovery of the eligible infrastructure system replacement investments made by Spire West from October 1, 2017, through June 30, 2018, and granting such other relief as may be necessary and appropriate to accomplish the purposes of Sections 393.1009 through 393.1015.

Respectfully submitted,

**David P. Abernathy**

Legend for State or Federal Safety Requirements

		<b>Regulatory Section Description</b>	<b>Description of Capital Expenditure Rehabilitation or Replacement</b>
A	393.130 RSMo	Safe and Adequate Service	Replace, repair or remove unsafe pipeline segments
B	4 CSR 240-40.030(13)(B)	General Requirements for Maintenance	Replace, repair or remove unsafe pipeline segments
C	4 CSR 240-40.030(15)	Replacement Programs	Replacement program requirements for certain pipelines
D	4 CSR 240-40.030(14)	Gas Leaks	Repair of system leaks through pipeline rehabilitation and replacements
E	4 CSR 240-40.030(9)(T) and (U)	Corrosion Control	Remedial action in response to graphitization and corrosion through pipeline rehabilitation and replacements
F	4 CSR 240-40.030(13)(Z)	Protecting or Replacing Disturbed Cast Iron Pipelines	Replacement of cast iron pipelines where support has been disturbed
G	4 CSR 240-40.030(7)	Construction requirements	Construction expense associated with relocating and replacing pipelines
H	4 CSR 240-40.030(10)	Testing Requirements	Testing expense associated with relocating and replacing pipelines
I	4 CSR 240-40.030(13)(Y)	Maintenance - Caulked Bell and Spigot Joints	Install clamps and other sealing on exposed cast iron joints
J	4 CSR 240-40.030(16)	Gas Transmission Pipeline Integrity Management	Replace, repair or remove unsafe transmission pipeline segments
K	4 CSR 240-40.030(17)	Gas Distribution Pipeline Integrity Management	Replace, repair or remove unsafe distribution pipeline segments
L	4 CSR 240-40.030(13)(S)(1)	Telemetry Requirement	Replace Worn or Deteriorated Telemetry/SCADA Equipment
M	4 CSR 240-40.030(12)(P)(1)	Requirements for Odorization of Gas	Replace Worn or Deteriorated Odorization Equipment

**ISRS Statute 393.1009(5):**

- (a) Mains, valves, service lines, regulator stations, vaults and other pipeline system components installed to comply with state or federal safety requirements as replacements for existing facilities that have worn out or are in deteriorated condition;
- (b) Main relining projects, service line insertion projects, joint encapsulation projects, and other similar projects extending the useful life or enhancing the integrity of pipeline system components undertaken to comply with state or federal safety requirements;
- (c) Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public

P.S.C. MO. No. 8 Consolidated, First Revised Sheet No. 12 CANCELLING P.S.C. MO. No. 8  
Consolidated, Original Sheet No. 12

Spire Missouri Inc. d/b/a/ Spire

For: Spire Missouri West

---

**INFRASTRUCTURE SYSTEM REPLACEMENT SURCHARGE**  
**ISRS**

Description: Rate ISRS is designed to recover the costs associated with the Company's eligible infrastructure replacements in accordance with the provisions of sections 393.1009, 393.1012 and 393.1015, RSMo.

Applicability: Rate ISRS is applicable to each customer billing for service during the effectiveness of the ISRS rate element.

ISRS Rate Element: In addition to the other charges provided for in the Company's tariff, a monthly ISRS Rate Element shall be added to each bill for service on and after the effective date of the ISRS rate. The amount of the ISRS Rate Element, by customer class, is as follows:

Residential	\$1.04	per	month	*
Small General Service	\$1.56	per	month	*
Large General Service	\$6.79	per	month	*
Large Volume Service	\$57.10	per	month	*
Intrastate Transportation Service	\$0.00	per	month	*

\* - indicates new rate

## Context and talking points for Customer Service

### Pipeline Upgrade charge (ISRS)

Summer 2018

What is the Pipeline Upgrade (ISRS) charge for?

We're committed to bringing the people we serve reliable energy that's safe. That's why, through our pipeline upgrade program, we're replacing miles of old pipe with a safer, more reliable material. That's what the Pipeline Upgrade charge (ISRS) that appears on customer bills is for. It covers a portion of the upfront cost we pay in order to upgrade pipelines and complete projects for the greater good of the communities we serve.

How does the charge work?

Every few years, we file a "rate case" with the Missouri Public Service Commission (MoPSC). Throughout this process, we work with the MoPSC to determine fair rates for customers. Once the rate case is completed, a new base rate is established that incorporates the previous ISRS amount, and the new ISRS is reset to \$0.

By October, our customers will once again see the Pipeline Upgrade charge (ISRS) on their bill. That's because we filed an application with the MoPSC to re-establish the charge for the work we did to improve our customer's safety from October 1, 2017 through June 30, 2018.

As a result of this filing, residential customers will now see a \$0.57 Pipeline Upgrade charge (ISRS) on their bill in Missouri East, and a \$1.04-cent Pipeline Upgrade charge (ISRS) in Missouri West. Again, this only covers a portion of the cost needed to upgrade our infrastructure.

Throughout the year, we'll continue working with the MoPSC to determine a fair rate for the Pipeline Upgrade charge. This charge can change up to twice a year.

How do customers learn about the charge?

We'll provide our customers with an initial notice about the change through a bill insert. We'll also send, once a year, a bill message to further educate customers about the charge. Please see Attachment 1 for the initial Pipeline Upgrade charge (ISRS) bill message and the annual Pipeline Upgrade charge (ISRS) notice.

What should I tell a customer who calls?

The first month customers see the charge on their bill, they'll likely have questions. In that case, here's some helpful information for you to share with them.

- We care about your safety, so Spire crews are in neighborhoods throughout the city replacing old pipe with newer, safer, plastic pipes. The Pipeline Upgrade charge (ISRS) covers a portion of those costs, as well as a portion of what we spend on projects for the greater good of the communities we serve (i.e. road improvements).

We work with MoPSC closely to make sure rates are fair, and we're following Missouri law. And according to those laws, we can work with the MoPSC to adjust the charge up to two times a year.

- Even with this charge, it will take us decades to fully recover our costs.
- We always try to keep this charge as low as possible for customers. This charge has generally been an increase of less than 2 percent of your annual bill. This charge is lower for residential customers than for commercial and industrial customers.

## Initial customer notice:

Your safety comes first

### Pipeline Upgrade charge (infrastructure system replacement surcharge)

We are committed to bringing the people we serve reliable energy that's safe. That's why, through our Pipeline Upgrade program, we're replacing miles of old pipe with a safer, more reliable material.

That's why you're seeing the Pipeline Upgrade charge (seen as "ISRS") on your bill. It's to cover a portion of what it costs to upgrade our infrastructure to bring you even safer, more reliable energy. We always try to keep this charge as low as possible by carefully managing our costs. In general, this charge is small for residential customers, but larger for commercial and industrial customers.

We work closely with the Missouri Public Service Commission (MoPSC) to make sure our rates are fair and our practices follow our state's laws. According to those laws, these charges can change up to two times a year.

If you have any questions about the Pipeline Upgrade charge (ISRS), we're here to help <hours for utility customer service.>

## Annual customer notice:

Your safety comes first

### Pipeline Upgrade charge (infrastructure system replacement surcharge)

We're committed to bringing the people we serve reliable energy that's safe. That's why, through our Pipeline Upgrade program, we're replacing miles of old pipe with a safer more reliable material.
