Chapter 34 – Emergency Telephone Service Standards**

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.040, 386.250, and 392.200 RSMo 2016, the commission withdraws a proposed rescission of a rule as follows:

4 CSR 240-34.090 Data Base Accuracy Standards proposed rescission is withdrawn.

A notice of proposed rulemaking containing the proposed rule rescission was published in the *Missouri Register* on May 15, 2018 (43 MoReg 1006). This proposed rescission is withdrawn.

SUMMARY OF COMMENTS: The public comment period ended July 2, 2018, and the commission held a public hearing on the proposed rule on July 10, 2018. The commission received timely written comments from the staff of the commission, the Missouri Telecommunications Industry Association (MTIA), and from Windstream Missouri, LLC. Whitney Payne, representing the commission's staff, and Natelle Dietrich, on behalf of staff; Richard Telthorst, on behalf of MTIA; Leo Bub, representing AT&T Missouri; and Brian McCartney, representing the Missouri Small Telephone Company Group, appeared at the hearing and offered comments.

COMMENT #1: Staff explained the Emergency Telephone Service Standards in Chapter 34, of which this rule is a part, establish detailed guidance for emergency 911 call routing and service related to public safety answering points in Missouri. Staff suggested the rules are unnecessary and obsolete because they do not apply to wireless carriers. Representatives of the Local Exchange Carriers that would be affected by the standards offered comments strongly disagreeing with staff's view of the importance of the rule. They explained these rules make clear the obligations of participating carriers in routing 911 calls and in maintaining and updating the E-911 data base. They concede the rules have not been updated since 1999 and suggest a working case be opened to consider updating them, but they indicate the rules still work and should not be discarded.

RESPONSE: The commission agrees the Emergency Telephone Service Standards of Chapter 34 remain necessary. The Commission will withdraw the proposed rescission of this rule.
