DEPARTMENT OF NATURAL RESOURCES

MISSOURI CLEAN WATER COMMISSION

WPC - Camden Big Island Subdivision Big Island West Subdivision ID No. 2174

Construction Permit No. 26-3390

APR 0 2 2007

CONSTRUCTION PERMIT

Missouri Public Service Commission

The Missouri Department of Natural Resources hereby issues a permit to:

Big Island Home Owners Association

ATTN: David Lees HCR 67 Box 680 Roach, MO 65787

for the construction of (described facilities):

Nineteen 1,500-gallon and one 1,000-gallon septic tanks-each with a one horsepower pump, 2,798 linear feet of two inch PVC pressure pipe, 1,815 linear feet of three inch PVC pressure pipe, three air relief valves, and al the necessary appurtenances to make the facilities complete and usable. This sewer is to serve 39 lots in Big Island West Subdivision with a design flow of 14,430 gallons per day and is a tributary to the Big Island Subdivision wastewater treatment facility.

Permit Conditions:

The treatment plant expansion shall be complete and operational prior to the construction of the eighty-first house within the Big Island Development. The eighty houses within the Big Island Development will be considered to be the original existing thirty-six houses along with the construction of forty-four new houses or

Construction of such proposed facilities shall be in accordance with the provisions of the Missouri Clean Water Law. Chapter 644, RSMo, and regulation promulgated thereunder, or this permit may be revoked by the Department of Natural Resources.

As the Department of Natural Resources does not examine structural features of design or the efficiency of mechanical equipment, the issuance of this permit does not include approval of these features.

A representative of the department may inspect the work covered by this permit during construction. Issuance of a permit to Operate by the department will be contingent on the work substantially adhering to the approved plans and specifications.

This permit applies only to the construction of water pollution control components; it gloes not apply to other environmentally regulated areas.

Dear Applicant:

Your application for wastewater works to serve the Big Island West Subdivision community has been approved by the Department of Natural Resources as evidenced by Construction Permit Number 26-3390 which is enclosed.

This permit will expire one year from the date of issuance unless justification for extension is presented thirty (30) days prior to expiration. The applicant must show that there have been no substantial changes in the project.

Finally, be aware that any land disturbance activities of five acres or more require a Missouri State Operating Permit to discharge storm water (10 CSR 20-6.200). The permit requires best management storm water practices. To obtain this permit, submit Forms E and G and a permit fee of \$150 to the Permits Unit Chief, Department of Natural Resources, Water Pollution Control Program, P.O. Box 176, Jefferson City, Missouri 65102.

Note that condition number two of the permit requires written certification that the sewer has been properly constructed. The enclosed form entitled "Application for Letter of Authorization" can be used to satisfy this condition.

If you have any questions, please contact Keith Forck at the Jefferson City Regional Office at (573) 751-2729.

Sincerely,

JEFFERSON CLTY REGIONAL OFFICE

Robert H. Hentges Regional Director
