To the Secretary Colleen Dale

I resided at 4369 West Belle Pl. in September 1986. The house was heated by a Steam Radiator Furnace. To my knowledge there was one meter. After my Mother purchased the house next door, I re-located by the end of year 1988. I am not responsible for gas usage by other tenants remaining in the house. I was receiving SSI from the State of Missouri (Disability) I am not aware of how the roomers, and other apartment tenants were paying their bills. I lived with my Mother sometimes at 8427 Bayberry Dr. I moved to 4371 West Belle during the first quarter of 1989. Afterwards, I moved to 6336 Audrey in January 2004. I am a disabled Veteran. It is reasonable to assume that collection action were not taken in prior years - 1989 and 1990, 1991, 1992 due to my small SSI Disability income.

Since the Gas Co. has other names of tenants, why are they not pursuing them. The Gas Co has given conflicting information as to the accuracy/validity of billing information.

Case No. GC-2005-0487
Secretary Of Commissioner/Colleen Dale
Jefferson City, Mo. 65102

ATTN: Judge Morris Woodruff

In the meeting with Rick Zucker. Assist. Gen Counsel, on
September 28, 2005 - We were unable to agree on the amount Mr.
Zucker wanted to collect.

He continues to report first and second floors as separate accounts.
In 1986 one Furnace and one Meter existed, which was the gas source
for all three floors. Approximately 1993 a separate Heating/Cooling
system was installed for each floor. He also has record of a tenant
named John Parte with service turn on date January 1990, and turn off
date May 1990. No balance was revealed. I request Mr. Zucker reveal
the balance of John Parte account owed. This should include account
balance, date of service, and account number. It appears that the
Gas Co. is attempting double collecting. I have another example of
attempts to double collect - documentation can be forwarded if necessary.

Further, if the Gas Co. had accurate billing records, information
requested by ATTY. Donnell Smith, and ordered by Judge Steven Ohlner
to provide me with account numbers, names, and amounts dated
February 22, 2005 would have been responded to.

The Gas Co. has not shown me a bill with a balance for Boyce Conway.*
I have seen listings and microfilms that are not legible. In reviewing
the above, I see no evidence of accurate information.

Loistine Stewart
for Boyce Conway

except the bill dated 1988.
