Re: Case No. ER-80-190

Dear Mr. Dieckgraefe:

This letter is to inform you that a local hearing for the purpose of receiving public comment on Union Electric Company's proposed tariffs concerning incandescent lighting in Commission Case No. ER-80-190 is scheduled for Tuesday, September 16, 1980, at 7:00 p.m. in the County Council Chambers located in the St. Louis County Courthouse, 41 South Central, Clayton, Missouri 63105.

By your letter of August 6, 1980, you have indicated a desire to intervene in this matter. However, intervention in a formal Commission proceeding (such as the hearing scheduled in this case for October 2, 1980, in Jefferson City, Missouri) must be accomplished by formal motion in conformance with the Commission rules of practice and procedure. Intervention in such a proceeding by a local governmental unit must be made by an attorney on behalf of such entity.

The Commission's formal rules concerning intervention are not applicable in regard to persons appearing at local hearings. Therefore, you might wish to appear at the local hearing in St. Louis County to comment on the proposed tariffs. However, if University City wishes to formally intervene in the hearing scheduled in Jefferson City on October 2, 1980, a formal motion should be filed applying for such intervention in compliance with the Commission rules. Although the deadline established for interventions in this matter has now passed, any such motion promptly filed will be duly considered by the Commission.

If you have any questions pertaining to the matters discussed herein, please feel free to contact me.

Sincerely,

Edward J. Cadieux
