| 6 | Q. | Please state your name and business address. | | | |
| 7 | A. | My name is Keenan B. Patterson. My business address is Missouri Public | | | |
| 8 | Service Commission ("Commission"), P.O. Box 360, Jefferson City, Missouri 65102. | | | | |
| 9 | Q. | What is your position at the Commission? | | | |
| 10 | A. | I am a Utility Regulatory Engineer in the Engineering Analysis Unit, | | | |
| 11 | Operational Analysis Department, Commission Staff Division. | | | | |
| 12 | Q. | Are you the same Keenan B. Patterson that filed direct testimony as part of the | | | |
| 13 | Staff's Cost of Service Report in this case on November 30, 2017 and Rebuttal Testimony on | | | | |
| 14 | January 17, 2018? | | | | |
| 15 | Α. | Yes. | | | |
| 16 | Q. | What is the purpose of your Surrebuttal Testimony? | | | |
| 17 | A. | The purpose of my Surrebuttal Testimony is to address depreciation | | | |
| 18 | rate-related i | requests appearing in the Rebuttal Testimony of Office of the Public Counsel | | | |
| 19 | ("OPC") witness Mr. John A. Robinett and Missouri-American Water Company (MAWC) | | | | |
| 20 | witness Mr. Brian W. LaGrand. | | | | |
| 21 | Q. | What depreciation rate-related requests were made by OPC? | | | |
| 22 | A. | OPC requested the assignment of a depreciation rate of 5 percent to sewer | | | |
| 23 | Account No. | 390.9—Structures and Improvements—Leasehold. OPC also requested that the | | | |

- Commission require MAWC to submit the report of an independent audit to determine the sources and practices that led to negative depreciation reserves.
- Q. Does Staff agree with OPC's request to add a depreciation rate of 5 percent for sewer Account No. 390.9?
- A. Staff has no objection to this request. A depreciation rate of 0 percent was assigned to this account in Case No. WR-2015-0301 because there was no plant in the account at that time. Since then, MAWC has added plant to this account. MAWC witness Mr. LaGrand also agreed to this change in his Rebuttal Testimony.

Staff recommends that the Commission order MAWC to use the sewer depreciation rates shown in Schedule KBP-s1. This schedule adds the 5 percent deprecation rate to Account No. 390.9, but it is otherwise the same as the depreciation rate schedule approved by the Commission in Case No. WR-2015-0301. Staff recommends that the Commission order MAWC to continue to use the water depreciation rates ordered in Case No. WR-2015-0301 for all other accounts.

- Q. Does Staff agree that MAWC should be ordered to submit the report of an external independent audit that addresses negative depreciation reserves as described by OPC?
- A. Staff has no objection to such an audit and report. Staff recommends that such a report be submitted as part of or in conjunction with the next depreciation study. In addition, Staff recommends that the commission order MAWC to report on the potential plant, depreciation reserve and depreciation rate impacts of its transition from automated meter reading (AMR) to automated metering infrastructure (AMI) in addition to the sources of negative depreciation reserves. Staff recommends that the Commission order MAWC to

propose methods to address these issues, including adjustments to deprecation reserves and 1 2 depreciation rates, and incorporate these proposals into its next depreciation study. 3 Q. What depreciation rate-related requests were made by MAWC? A. MAWC reiterated its request to change the depreciation rate for Account No. 4 5 391.4—BT Initial Investment from 5 percent to 14.3 percent. 6 Q. Does Staff agree with MAWC's request to change the depreciation rate for 7 Account No. 391.4? No. Staff's reasons for disagreeing with this request are described in my A. 9 Rebuttal Testimony. Staff recommends that the Commission order MAWC to use the sewer depreciation rates appearing in Schedule KBP-s1 and to continue to use the water depreciation 10 rates ordered in WR-2015-0301. 11 Does this complete your Surrebuttal Testimony? 12 Q. 13 Yes. A.
